

Message from Chairs

We invite you to join us for the 2019 Workshop on Wild and Crazy Ideas on the interplay between IoT and Big Data (WACI) co-located with COMSNETS 2019 being held in Bengaluru, India, on 11th January 2019.

WACI 2019 continues to build on the success of past editions in bringing together academia and industry to explore wild and crazy ideas in the areas of IoT and Big Data. WACI 2019 includes an exciting stream of thought-provoking talks including keynotes and lightning talks from industry practitioners in IoT and Big Data and an exciting lineup of high-quality papers. This includes 7 peer-reviewed research papers (accepted out of 17 submissions) from leading institutes and R&D labs across the globe. Two keynote and eight invited industry stalwarts from ABB Corporate Research, CISCO, Ericsson, Intel, Microsoft, TCS Research & Innovation, Wipro among others. The sessions include detailed talks and discussions on Deep learning, Enterprise AI, Industry 4.0, Smart Building Monitoring, Smart cities, Smart Parking and Mobility.

WACI 2019 will provide an excellent opportunity for all participants to interact and discuss the leading research and innovation in IoT and Big Data with international experts in these areas.

More information about the invited talks and accepted papers are available on the website.

We look forward to seeing you in Bengaluru.
