

Wishing you and your family members a very happy and prosperous year ahead.

COMSNETS has included the Women in Engineering (WiE) Track to encourage women researchers and practitioners. This is the third edition of the WiE Track in COMSNETS. In view of the current pandemic, the conference is organised in hybrid mode from 3rd January to 8th January, 2022.

The WiE Track is scheduled on 6<sup>th</sup> January, 2021 from 4 PM to 6.30 PM IST. The theme of the WiE Track is "Technology Innovations in the ICT Domain to Combat COVID-19". We have designed a very interesting and informative program with two keynote talks by eminent women speakers followed by a fireside chat on "Technology Based Solutions during Pandemic: Opportunities and Challenges". We welcome you to participate in the WiE Track and encourage the women fraternity.

Veena Mendiratta and D N Sujatha
