

Welcome to COMSNETS 2023 Poster Session! We take this opportunity to thank all the authors who submitted their work to COMSNETS 2023 Poster Session.

The COMSNETS 2023 Poster Session consists of posters showcasing preliminary/ongoing work in a variety of topics, ranging from VLC (Visible Light Communication) to IoT (Internet of Things) to Intelligent Transportation Systems and Digital Health. This year we accepted a total of 38 papers for the poster session. We sincerely thank all the TPC members and the anonymous reviewers for their timely help in the reviewing process.

The poster papers will be presented in three sessions - Session-1 and Session-2 (on 5th Jan) and Session-3 (on 6th Jan). During Session-1, 18 posters will be presented physically by the respective authors. Session-3 also comprises of 18 posters. Two posters will be presented remotely by the authors on the virtual platform in Session-2. Among the posters top three Best Poster Award will be decided by a jury (which will be announced on 6th Jan during the Awards Ceremony).

We invite all the conference delegates (both in-person as well as online delegates) to join all the poster sessions and interact with the authors on their ongoing research work. We are confident that it will be a stimulating experience for all the participants of COMSNETS 2023. We look forward to seeing you all at the poster session.
