Cyber Security and Privacy Workshop

Call for Papers

The Cyber Security and Privacy (CSP) Workshop will be held in conjunction with the annual COMSNETS conference on January 3, 2024. This workshop is intended to be a forum where researchers can meet and discuss the latest cyber security and privacy topics as they apply to communications systems. Security and privacy researchers and professionals from government, industry, and academia are invited to submit their original work on the following topics (or related areas):

- Authentication, authorization, accounting
- Information security protocols and architectures
- Security in wired and wireless communications
- Security in grid/cloud/pervasive computing
- Network intrusion detection and prevention, firewalls, packet filters
- Public key infrastructures, key management, credential management
- Network and internet forensics techniques
- Secure routing and security management
- Malware, botnets, ransomware
- Embedded system security
- Security in parallel and distributed systems
- Blockchain and distributed ledger technologies
- Security and privacy policies
- Anonymous communication and censorship resistance
- Security and privacy for e-commerce/m-commerce
- Security and privacy in social networks
- ML/AI security and privacy
- Internet-of-things (IoT) security and privacy
- Mobile devices security and privacy
- Web security and privacy
- Impact of quantum computing on security and privacy

Submission Guidelines

Submission Link: TBD

- The Cyber Security and Privacy Workshop invites submission of original work, not previously published or under review at another conference/journal.
Submissions (including title, author list, abstract, all figures, tables, and references) should not exceed **6 pages** in length. A minimum number of 3 pages are required.

Reviews will be **double-blind**: authors name and affiliation should not be included in the submission.

Submissions must follow the formatting guidelines as given on IEEE Website; and those that do not meet the size and formatting requirements will not be reviewed.

All papers must be in Adobe Portable Document Format (PDF) and submitted on EDAS using the aforementioned submission link.

All workshop papers (full papers - both regular and invited) will appear in conference proceedings and be submitted to IEEE Xplore as well as other Abstracting and Indexing (A&I) databases.

Keynote speaker

Kotenko Igor Vitalievich
Head of Laboratory of Computer Security Problems, SPIIRAS

Program Committee

- Aditya Ahuja, Brillio, India
- Albert Levi, Sabanci University, Turkey
- Hitesh Tewari, Trinity College Dublin, Ireland
- Hung Nguyen, University of Adelaide, Australia
- Kanchi Gopinath, Plaksha University, India
- Madhusanka Liyanage, University College Dublin, Ireland
- Maniack Mondal, IIT Kharagpur, India
- Mridula Singh, CISPA, Germany
- Ouns Bouachir, Zayed University, UAE
- Praveen Gauravaram, TCS Research, Australia
- Rahat Masood, UNSW Sydney, Australia
- Roopa Vishwanathan, New Mexico State University, USA
- Shantanu Pal, Deakin University, Australia
- Shuiqiao Yang, UNSW Sydney, Australia
- Sitaram Chamarty, TCS Research, India
- Somitra Sanadhya, IIT Jodhpur
- Sushmita Ruj, UNSW Sydney, Australia
- Zubair Baig, Deakin University, Australia
CSP Workshop @ COMSNETS 2024
16th International Conference on COMmunication Systems & NETworkS
January 3 - 7 | In-person Conference | Bengaluru, India
