

On 29th Oct., 1969, the attempt to transmit the word “**login**” over that **first link** on ARPANET, crashed after the letters “**l**” and “**o**”.

They kept trying...

Call for Demos and Exhibits

COMSNETS invites demos from researchers, startups, and corporates showcasing cutting edge information technologies and their applications

COMSNETS is the premier international conference dedicated to advances in Networking and Communications Systems in India. This is a unique opportunity to showcase your technologies and applications to an international audience that is helping build the next generation of technologies. Demo participants get:

- Interaction with experts
- Showcase to industry partners, recruiters and investors
- Media coverage during event
- Wider outreach as part of conference proceedings

Dedicated Demo Sessions

Continuing on the positive experience from last year, this year as well we are going to have dedicated demo sessions without any simultaneous paper sessions. *Additionally, every accepted demo will be given 2 – 3 minutes on the main stage to advertise the demo.*

Best Demo Awards

The COMSNETS 2020 Demo committee will review all submissions to select the accepted

demos. All accepted demos will be considered for the Best Demo Award. A committee will decide the winner on-site after evaluating all demo presentations.

What to submit

All submissions must be in PDF format. There are two types of submissions:

1. Research Demos: Research prototype with novel and clear technical contributions are invited. *Authors of accepted full papers in the main conference are highly encouraged to submit original demo entry.*

A maximum of 3-page extended abstract of the demo that captures motivation for the problem, the solution approach, results (if any), and a brief description of the technology to be demonstrated. The abstract should use the same template as for the conference paper submission.

All the submitted entries will go through peer-review process. Accepted and presented submissions in this category will be

published in the conference proceedings and submitted to Abstracting and Indexing (A&I) databases.

2. Start-ups and Product Demos: Proposals (maximum of 3 pages) to showcase products from startups and industries are invited in this category. Submissions in this category will require a proposal outlining the motivation and the technology/use case that will be demonstrated. *All the sponsoring organisations are especially encouraged to submit an entry in this category.*

Submission Deadline

01st Nov. 2019
