

We are thrilled to organise and welcome all undergraduate and recently graduated students to the first-ever edition of the Undergraduate (UG) Forum at COMSNETS 2025. As part of the prestigious COMSNETS conference, this initiative aims to provide a dedicated platform for undergraduates to showcase their early research and receive valuable feedback from experienced researchers, industry professionals, and academicians.

The UG Forum is inspired by the success of the Graduate Forum and is tailored to empower undergraduates to engage in meaningful research discussions. This year's forum offers an exciting opportunity to interact with peers, build collaborations, and seek career guidance from experts in the field.

Key Highlights of the UG Forum

- Paper Presentations
- Exciting Research Topics
- Guidance and Networking
- Awards and Feedback

We're excited to have you as part of the first-ever Undergraduate Forum at COMSNETS. This is your chance to share your ideas, learn from others, and connect with people who share your passion for research and innovation.

Make the most of this opportunity to ask questions, exchange ideas, and build connections with peers and experts. We hope you enjoy the sessions and leave feeling inspired and motivated for your research journey!
